

Another year has gone by. A lot has happened during the past year here at Lakeshore.

Your Board of Directors have worked hard to keep your community safe, fun, and running smoothly.

There have been a few challenges. The sewer pipes have been braking and had to be replaced. The lake was filled with weeds which have been removed. We once again were in the path of a hurricane and were lucky that no major damage impacted our community. The Board also added a few new features to the community. A fire pit was built on the island for evening gatherings. A boat ramp was installed on the island for the boat owners. The Memorial Wall was painted, and new backer boards installed. With the help of many volunteers the island was cleaned and looking pretty.

Once again, I would like you to vote for me to represent you on the Board of Directors. I feel that now that I have the experience, I can continue to improve things here at Lakeshore. I believe that it is important to keep things running smoothly and not make major changes.

Please vote for me!

Jerry Treder
