My Name is Victor Figueroa and my wife and have lived in Lakeshore since 2010; we consider this piece of paradise our home.

Through the years, I have helped many homeowners with repairs to their villas as well as volunteering in the community. After every hurricane, you may have seen me picking up and disposing of debris; I have utilized my handyman skills to assist with the many repairs around the community and therefore saving monies that can then be used in other ways.

I am running for the HOA Board of Directors because I can support our community with my skills, demand transparency with all Board related issues and more importantly, do my best to keep all our residents well-informed about our finances and at a reasonable, affordable amount.

I appreciate your support and your vote and my promise to keep contributing to our beautiful Lakeshore.

Sincerely,

The good Victor
